

**SYNERGY NAMED “TECH-ED 2008 IT PRO ATTENDEES’ PICK” WINNER BY
WINDOWS IT PRO, SQL SERVER MAGAZINE**

June 20, 2008 – Syntergy today announced that its Replicator was named as a 2008 winner of the “Tech-Ed 2008 IT Pro Attendees’ Pick Awards” by Penton Media’s *Windows IT Pro*® and *SQL Server Magazine*®.

The 2008 IT Pro Tech-Ed attendees reviewed IT products and services submitted for the contest and chose the winner at Tech-Ed IT Pro in Orlando, Fla. Winners were announced on June 12 at an evening reception and are also posted on www.WindowsITPro.com/awards.

“Tech-Ed attendees are tough, in-the-trenches critics,” said Jeff Lewis, group publisher of *Windows IT Pro and SQL Server Magazine*. “They demand solid value and performance from the products they use day after day.”

“We’re proud that this is the third year in a row we’ve received recognition from the attendees at the Tech-Ed 2008 IT Pro conference, said David Seaman, COO of Syntergy. “This audience demands the best and its positive feedback helps reinforce our direction with Replicator to ensure that we continue to meet the high standards of our customers.”

Unlike caching technologies, Replicator keeps information current across geographic barriers by providing a true replication of content from one SharePoint™ site to another. Call (858) 964-3243 or send an email to info@syntergy.com for a real-time demonstration of the award-winning product.

About Syntergy

Syntergy is a leading provider of products that extend collaborative content management solutions. Specializing in Microsoft SharePoint Products and Technologies, we help global organizations overcome the challenges they face in sharing information around the world. We add value to our customers’ business critical deployments by reducing bandwidth infrastructure costs and improving branch office performance globally.

Our powerful range of products spans from geo-replication, content migration, and email integration to compliance management. This comprehensive suite of products helps our customers’ augment return on their investment in Microsoft SharePoint Products and Technologies. For more information, visit www.syntergy.com.
